

FOR MEMBER OF THE CITY COUNCIL

DAVID NOS

Age: 61

Occupation: Business Owner

The Burbank City Council needs remodeling. I am the leader needed to make tough decisions to keep Burbank moving toward a secure financial future.

EXPERIENCE

- 56 Year Burbank Resident
- Past President Burbank School Board
- Past President Burbank Chamber of Commerce
- Past President Burbank Library Board of Trustees
- Dealt with \$100 million School District Budget
- Successful negotiator with School District Labor Unions
- 30 Year Business Owner

We have huge budget shortfalls. I am working on solutions. One example: We can cut lighting costs by 50% with a two year return on investment. Aggressive use of technology can save money.

We must adjust budgets, but assure that essential city services remain, such as those given to our seniors.

We can tap resources in our community to work with city staff to attract business that will create jobs for our citizens.

I have the plan, the experience, and have proven my service to Burbank

I want to be your advocate on the Burbank City Council.

On April 9th, "Just Say Nos"

David Nos
